Activity Report On

"QbD Implementation in Biotechnology/ Pharmaceutical Product Development"

The Department of Science, Sanjivani Arts, Commerce & Science College, Kopergaon organized an International Seminar On "QbD Implementation in Biotechnology/Pharmaceutical Product Development", on 21st NOV 2022, at 10 AM IST.

About the Event:

Sanjivani Arts, Commerce & Science college, Kopergaon, Department of Science, organized an International Seminar on "QbD Implementation in Biotechnological/Pharmaceutical Product Development" on 21st November, 2022. **Dr. Ranjit Barshikar**, CEO- QbD International, United Nations Advisor, Geneva, served as a Chief Guest and Eminent Speaker.

During the session **Mr. Barshikar Sir**, highlighted the key concepts of QbD implementation, quality target product profiles, Critical quality attributes, Critical material attributes, Design space and control strategy. He also discussed regarding the various topics on science-based manufacturing process, consistency of manufacturing process, also understanding it and continuous process improvement, products specification, control strategy, life cycle management and risk-based assessment. He remarked that there is need to shift from Pharma 4.0 to Pharma 5.0 for future development of pharma industries. In the end of session, he had an interaction with participants and solved the queries asked by participants.

More than 250 participants attended the International Seminar. Research Scholars, Delegates and students from different colleges also attended the session.

Hon. Shri. D. N. Sangale and Dr. Kishor Salunke (Principal, Sanjivani College of Pharmaceutical Education & Research) also graced the event with their presence.

We are very grateful to **Hon Shri Amitdada Kolhe, Hon. Shri Sumitdada Kolhe and Dr. S.A. Bhutada** (HOD Department of Microbiology) for their continuous support and guidance and Special thanks to all my Sanjivani ACS team.

The main objective of the seminar

- 1) Enhance the knowledge of designing the medicine in pharmaceutical industry.
- 2) To understand the scope of "QbD" in international market.
- 3) To develop an innovative thing in pharmaceutical.

4) To give the opportunity to students to interact with experienced person in "QbD".

Outcomes of session:

- Students gain the knowledge about designing the medicine in pharmaceutical industry.
- They gain the knowledge about quality attributes, design space, effective drug supply to the consumer.

संजीवनी यूनिवर्सिटी कोपरगांव (शिरडी) में अंतर्राष्ट्रीय सेमिनार आयोजित
