

4.3.1 Institution frequently updated its IT facilities including Wi-Fi

The College adopts best practices for scalable and sustainable implementation of all IT services. It provides computing and networking services such as desktops, laptops, internet for all the departments, library and office. Appropriate standards are followed for selection, purchase, setup and maintenance of all computing and networking equipment is done by the central system department which is seen by parent organization. The College provides necessary training to the users through the ICT committee. Internet connected computers for the students and teachers and computer terminals where the pen drives are required to be connected, have been installed with the antivirus software. The computers having no antivirus protection are not allowed for internet and the pen drive connection. Procurement of computing and networking equipment are made through ICT committee, IQAC coordinator, head clerk and system department. College strictly adheres to the terms and conditions of license agreements of IT resources software usage. It insists upon use of licensed or open source software and strictly prohibits the usage of pirated and unlicensed software. Licenses of all software are maintained by the central system department and head clerk. Internet is available through LAN connection and two leased lines. The College has adopted Wi-Fi facility which is protected by firewall and password. Updating of IT facilities is a continuous process.
