## **Report On Session for Creativity and Innovation Day**

### **Introduction:**

Under the IIC Activity the session was taken as a celebration of creativity and innovation day. The session was arranged for the BBA-IB students of Sanjivani College on 26<sup>th</sup> May 26, 2023. The session was conducted by Prof. N. U. Bhalerao in BBA-IB Departments.

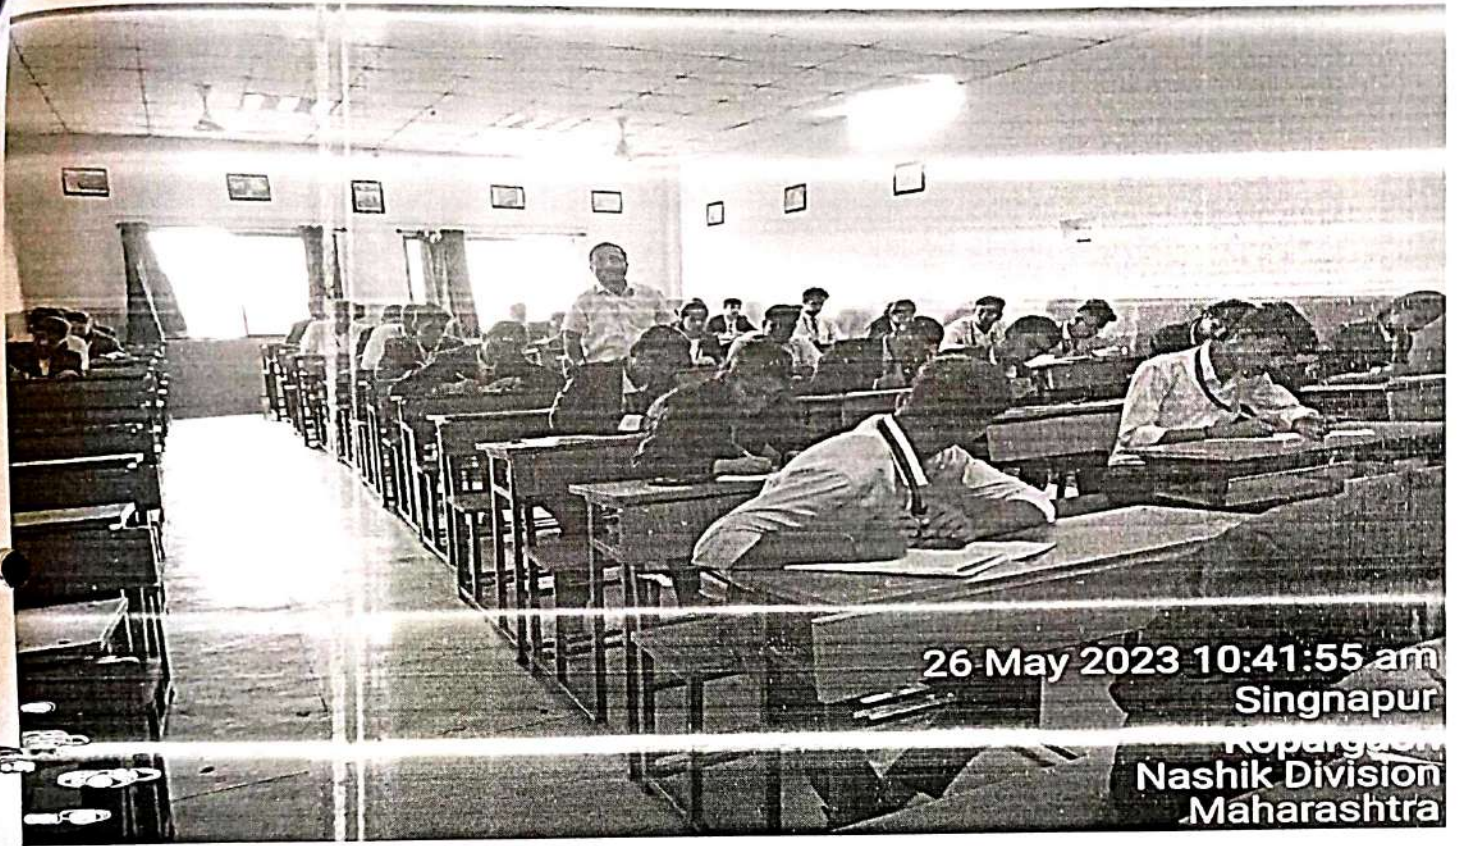

Creativity and innovation are the critical driving forces for businesses and entrepreneurs. They enable companies to develop new products, generate new ideas, and explore new growth opportunities. As an aspiring BBA-IB student, you will need to have a clear understanding of how creativity and innovation can impact the business world.

### **Objective of the session:**

1. **Promote critical thinking and problem-solving skills:** One of the primary objectives of the session would be to encourage students to think creatively and come up with innovative solutions to existing problems. By engaging in interactive exercises and brainstorming sessions, students can develop their ability to generate fresh ideas and apply critical thinking to real-world business scenarios.
2. **Increase awareness of emerging technologies:** In today's rapidly evolving business world, new technologies are continually emerging that can help companies improve their operations, increase profits, or create new products. By highlighting examples of successful technology-enabled businesses, students can gain an understanding of how technology can be leveraged for innovation and growth.
3. **Encourage collaboration and teamwork:** Working collaboratively with others can lead to the creation of groundbreaking ideas and business solutions. By participating in group activities and projects, students can learn to work effectively in teams and develop the necessary skills to facilitate innovation within a team environment.

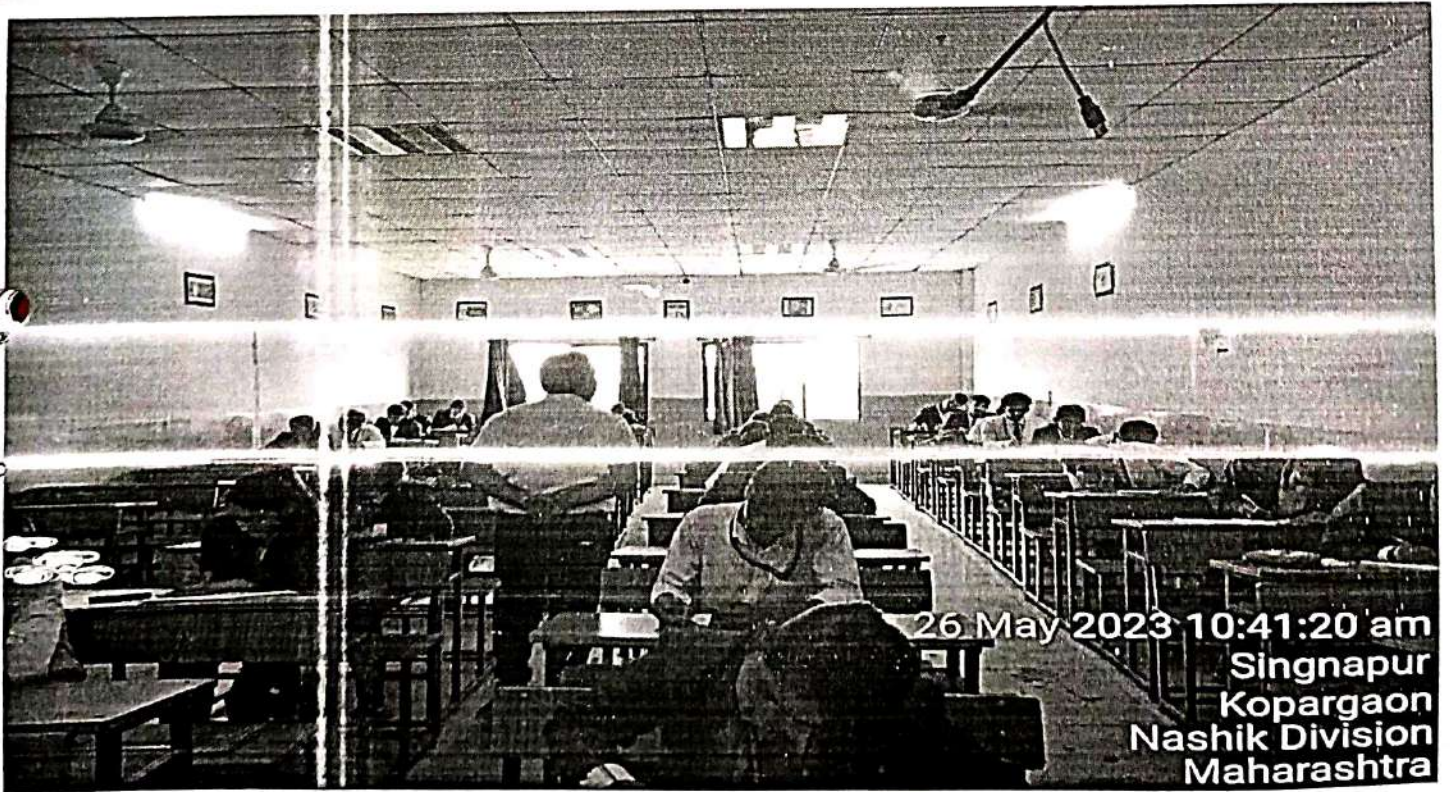

### **Conclusion:**

In conclusion, the session on creativity and innovation is a critical component of your BBA-IB education. By learning how to generate new ideas, apply critical thinking to business scenarios, embrace new technologies, and collaborate effectively with others, you will be better equipped to succeed as a future business leader or entrepreneur. Whether your goal is to launch your own startup or join a leading global company, mastering the skills of creativity and innovation will help set you apart from the competition.
